

Godzilla 3D to the MAX Book version in 3-D

By Imax and toho and Finn Duffy

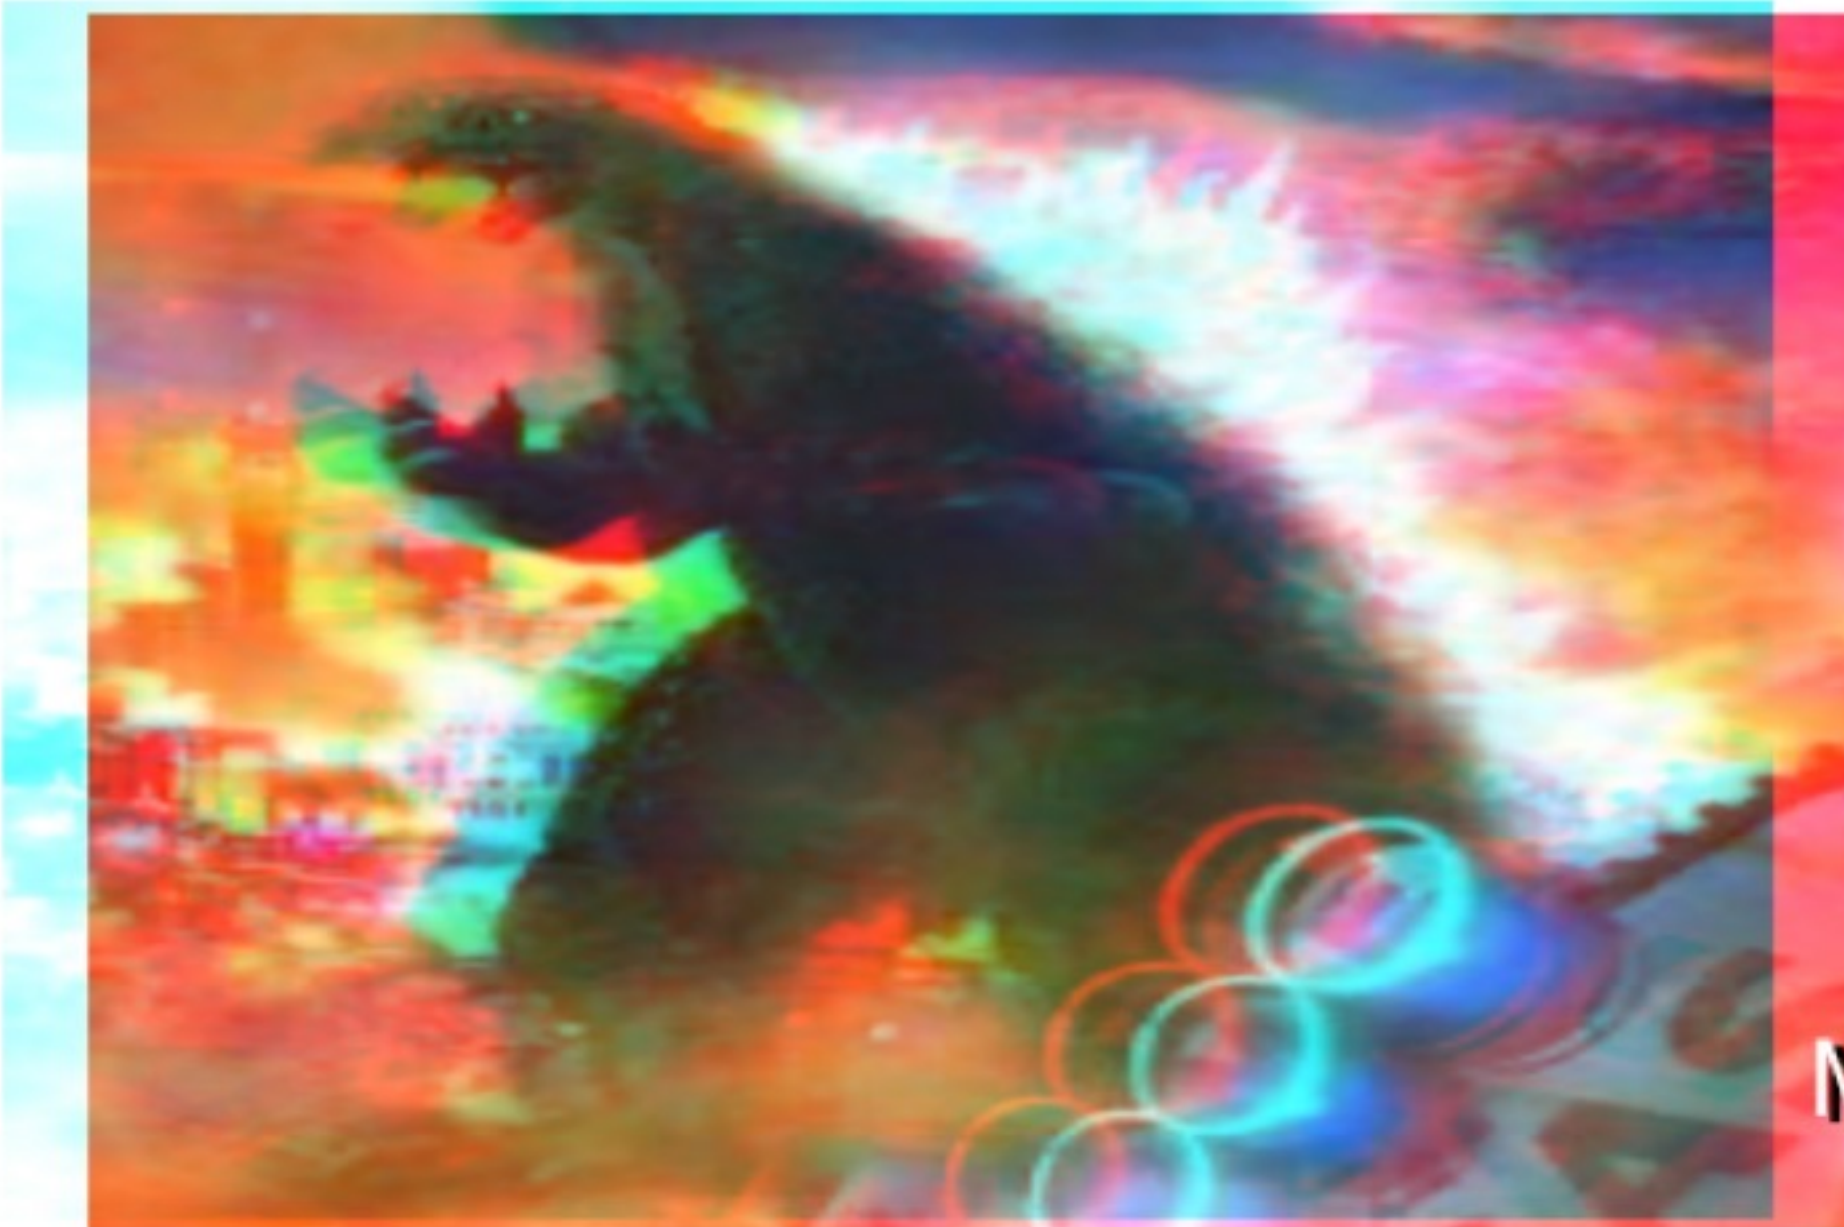

Made with **3D Effect**

A locust-like swarm of monsters called Deathla descend on Iguazu Falls in the Amazon, transforming into mushrooms which begin to consume the forest.

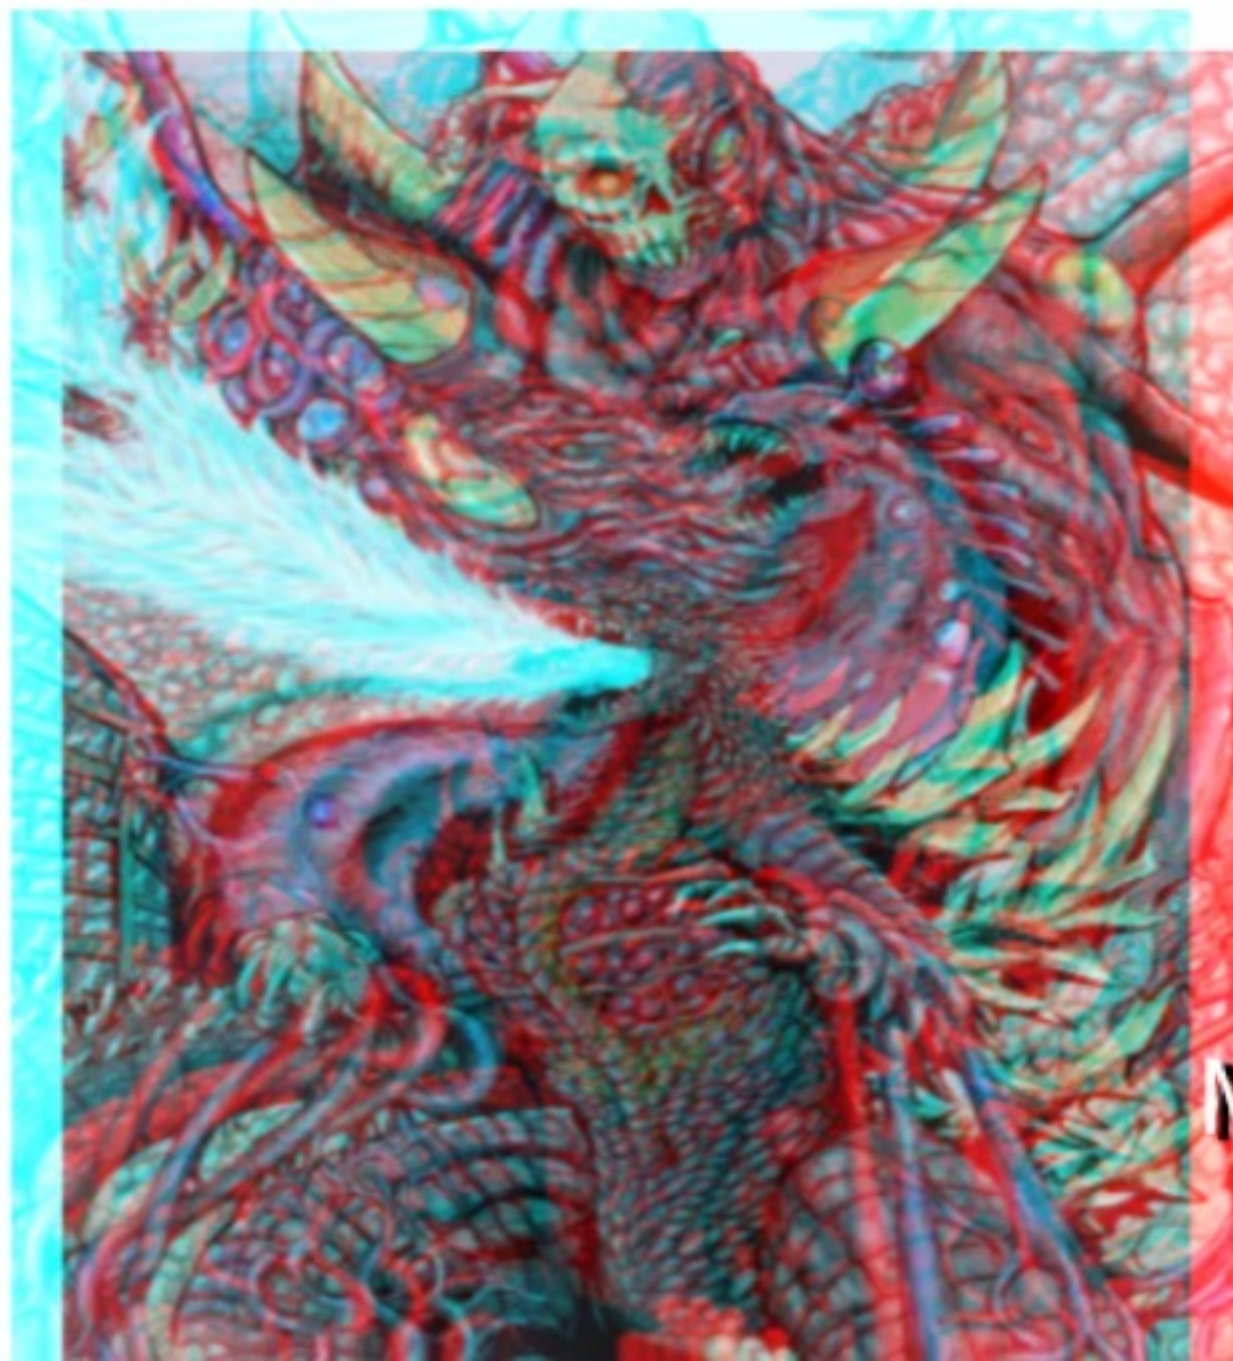

Made with 3D Effect

The Bahamas and Denmark also see outbreaks of the deadly fungus. Godzilla shows up to attack the Amazon infestation, only for them to coalesce into a kaiju.

Made with **3D Effect**

After a back-and-forth battle, Godzilla's atomic breath forces Deathla to split into its locust form and retreat. Using the power of flight he first displayed in *Godzilla vs. Hedorah*, Godzilla gives chase, displayed in *Godzilla vs. Hedorah*, Godzilla gives chase,

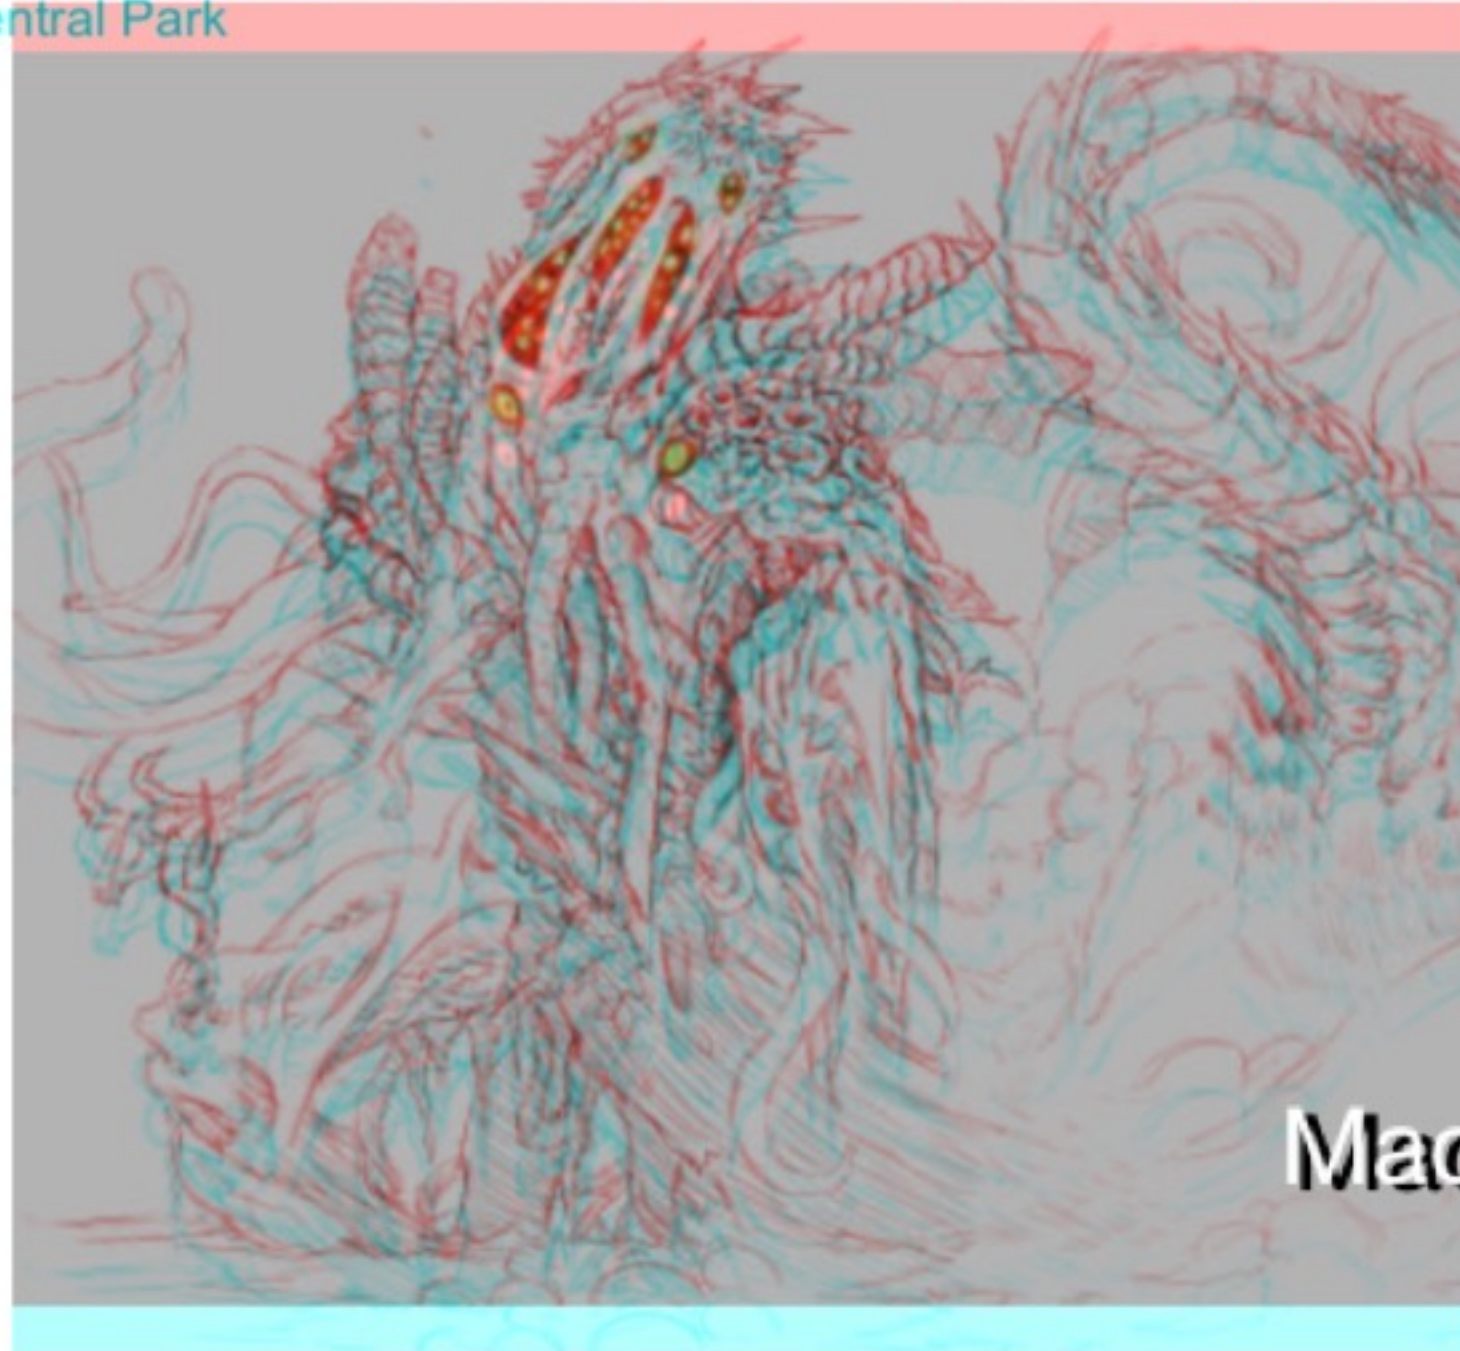

Made with **3D Effect**

confronting Deathla in the Virgin Islands and at a Florida amusement park, but is unable to land a killing blow.

Made with **3D Effect**

Deathla finally stands its ground in New York City as a blizzard rages. Godzilla puts out its right eye; it counters by growing to a truly enormous size and hurling him into Central Park

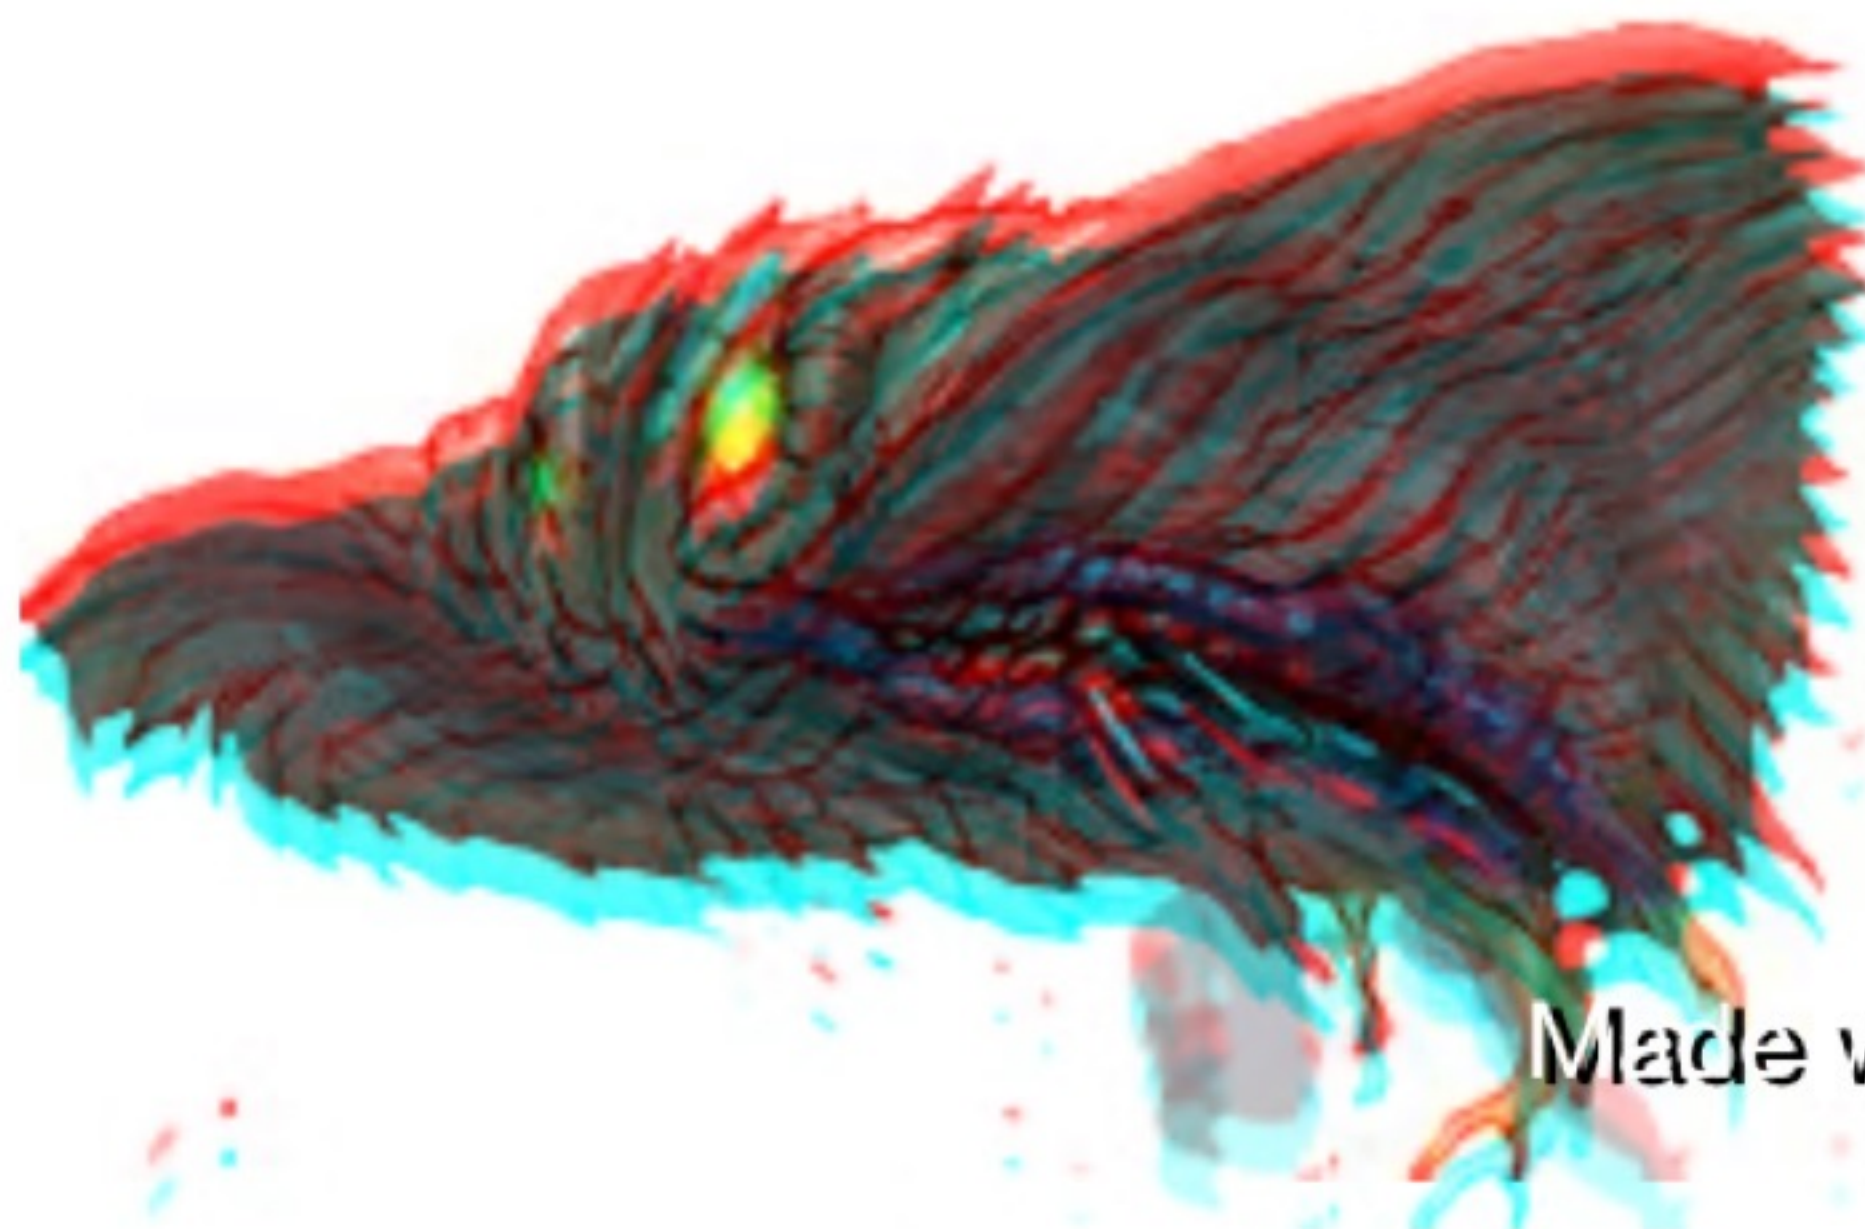

Made with **3D Effect**

Covered in sludge and near death, Godzilla finds the strength to get back up as children all over the world shout encouragement. After protecting the "9/11 Monument" (presumably Tribute in Light), he takes out Deathla's other eye with his atomic breath.

Made with **3D Effect**

Transforming into its locust form again, Deathla leaves the earth. Godzilla returns to the Amazon and winks at the viewer before disappearing behind Iguazu Falls.
